**MEMORANDUM FOR SHARED RESOURCE CENTER MANAGERS; SERVICE/AGENCY  
APPROVAL AUTHORITIES**

**SUBJECT: Revision to Uniform Use-Access Policy for the HPCMP Resources**

A revision to the draft Department of Defense Directive (DoDD) 5200.2R has been issued. The revised draft DoDD 5200.2R now specifically addresses foreign national (FN) usage of computer systems. While interim access is permitted for most new users based on initiation of the appropriate trustworthiness certification, a FN is NOT allowed interim access. To ensure compliance with this forthcoming DoDD, I am directing that all Shared Resource Centers allow access to FNs ONLY after a favorable adjudication of their National Agency Check (NAC) or clearance application.

I request that resource center directors take immediate and suitable action upon receipt of this memo. We continue to work with the responsible offices to help in securing rapid turn-around of our NAC requests. Specific questions on this guidance should be directed to Mr. Steve Schneller at schnellersa@npt.nuwc.navy.mil or 401-832-3820.
